

About us

OPEI is specialised in linguistic and cultural business seminars.

We accompany businesses, business schools, foreign students, but also individuals who wish to blend French business culture and other aspects of French culture with their professional skills. You can rely on our professional skills acquired over the years in the fields of Management and Strategy, to offer you seminars which will procure you real added value throughout your career.

Our offers are tailor-made, to make sure we meet your requirements and your needs. Two distinct seminars are proposed: Paris and Cannes.

Our philosophy

OPEI seminars integrate the symbols and values of French culture to give you or your co-workers a competitive advantage in your professional futures.

“Bringing together business, business language and the discovery of French culture”

For us, the simple acquisition of business language is not enough.

As well as our workshops, which revolve around company management strategy “à la française”, we offer the opportunity to share with our participants, **our culture, our practices and our customs**, which have made France what it is today.

More than just simple tourist visits, these seminars are an immersion through history, cultural codes and French “know-how”:

“An enriching programme with high-quality offers enabling participants to better appreciate the seminars, to stimulate different ways of thinking and to be more efficient”

Our Seminars

We offer several types of seminars.

Some will allow you to perfect your knowledge or to develop specific skills and others offer you a complete process to learn and acquire new qualifications.

Our offers are entirely organised with the objective of meeting your needs.

They include:

- Business workshops “à la française” which will help you to widen your professional objectives
- Instructors from the professional world
- Atypical accommodation in luxury hotels, exceptional villas, private chateaux, or yachts, in places with strong cultural possibilities
- Workshops and events to introduce you to French culture
- Dining in emblematic French restaurants
- Outings, visits and activities accompanied by **OPEI** guides
- Report writing, translation and distribution of information addressed during the seminars.

For :

- Businesses
- Students
- Business schools / Mba
- Private Individuals
